## CITY CENTER

### MEMORIAL TOWER CLIMB

★ SEPTEMBER 9, 2023 ★

As we prepare for the 2nd Annual Memorial Tower Climb, we wanted to share an invitation with our tenants to join us by being a part of this meaningful event. We have a variety of opportunities to show your support from volunteering in the weeks leading up to the event and volunteer roles on the day of the climb. Examples of some areas where support would be needed include assembling goody bags and lanyards prior to the event or on event day, volunteers could check participants in, hand out water to those that are climbing, or be a floor monitor or Volunteer Coordinator, just to name a few. Corporate partnerships and sponsorships are available too! From donating company branded items for the goody bags to sponsoring a Rest Floor and everything in between, we have a role for companies that would like to be involved as well.

Please click the "Sign Up" link to let us know how you and/or your company would like to participate!

THANK

YOU

## BLOOD DRIVE

Meet Orlando Rojas, and his daughter Penelope from Dallas. In 2022, Orlando was diagnosed with leukemia and as part of his treatment he received platelet and blood transfusions from local donors. You truly are making a difference for neighbors in need when you

donate blood. So many thanks to you, donors! Click [here](#) to learn more about Orlando's story.

## HAPPY HOUR

Thanks to all who joined us for Happy Hour last month! We enjoyed great conversations while eating the delicious appetizers prepared by City Club. We hope that you found the event informative and enjoyable, and that you were able to connect with others in our City Center community!

## In with the new...

As you may have already noticed, we are making subtle but impactful changes around both building common areas.

The first project completed was to swap out the small trashcans at every elevator lobby with contemporary and sleek bins.

Another transformation in progress includes upgrading the tower directory boards with digital directory screens. The directories in the Bank of America towers are complete, and the Wells Fargo tower directory will be coming soon. With these changes, you'll notice a new layout and feel to the way content is shared overall. The new screens also allow for timely building communications and updates.

The next project involves new carpet in each skybridge. In the coming weeks, you'll begin to see new, stylish carpet as you come and go from the buildings. Much of the work will take place over the weekend.

One additional project is a bit more colorful! Soon, the planters sprinkled around the lobbies will have a new look and seasonal colors are on the horizon.

We hope you enjoy all the changes you're seeing too!
