## Retirement & Welcome

It is bittersweet that we share the news of another retirement within our organization. Carolyn Parnell, who has been with City Center for more than 25 years, will be retiring at the end of this month. Her name is most likely familiar with many of you as she has played an integral role in our Operations department and has been the primary tenant contact for many years. We would like to take a moment to express our heartfelt gratitude for the incredible contributions Carolyn has made to our company over the past 25 years. Her exceptional customer service skills and unwavering dependability have been a cornerstone of our success. Carolyn's ability to consistently deliver excellent service to our customers has been truly inspiring and has earned her the respect and admiration of both colleagues and clients alike. We will miss her presence and the positive energy she brings to the workplace, but we are also excited to have found a wonderful replacement and she is training as we speak. Please join us as we welcome Tracy Humphreys to the team! Tracy comes to us as a seasoned Operations professional and we know she will be a valuable asset to our company. We're excited to see her apply her experience and first-class customer service skills to her new role, as she is eager to connect with each of you going forward.

## From Hive to Honey Jar Workshop

Join us for our next exciting bee workshop called **From Hive to Honey Jar!** In this workshop, it's time to reap the fruit of our labor with this very hands-on honey extraction workshop. A beekeeper will assist you over the course of this fun-filled hour as you uncap honeycomb cells, hand-spin honeycombs in the centrifugal extractor, and filter the raw honey before jarring and labelling it all!

## Cuddles & Cups

A big thank you to everyone that joined us while the Humane Society of North Texas was onsite for the Cuddles & Cups event. It was amazing seeing the animals respond to the hugs and love received that day. Not to mention, several of the animals onsite were adopted to their fur-ever home too!

## Meeting & Events Reminder

We love to hear that our tenants are hosting events in and around City Center for their employees and clients alike. Please be sure to notify **Operations at 817-255-5755** if you plan to have items brought in for your meeting needs or contact **Parking at 817-390-8763** should your event bring in a larger volume of cars than normal, so we don't cause any delays for your event.

## Kudos

We've said it before and we'll say it again, but we truly enjoy hearing from our tenants especially when they're sharing KUDOS for our team members! Many thanks to a tenant in the Bank of America tower for recently sharing the message below about her experience with Tim Combs, a longtime City Center Engineer:

"Tim came with the painter gentleman to check out our floor. Tim came back yesterday and bless his kind heart, scrubbed marks and smudges off so many walls on this floor! There were so many, it really was no small task as it may sound like. I know he saved our company lots of money on painting. He's a super gentleman as I'm sure you know and such a positive and hard worker. What an asset to your group he is! He performs his tasks as though it's a pleasure for him to do so. Of course, we know he recognizes his Ultimate Boss, and it shows. He has a great quiet witness, so that makes him a double blessing. You and your team always take good care of us and it's truly appreciated!"
