# JOIN US ON SEPT. 14

We are just days away from the Memorial Tower Climb! One of the amazing things we've learned about the tower climb is the distance people are willing to go to honor the fallen from 9/11. We have climbers joining us from Wichita Falls (119 miles), Waco (108 miles) and Longview (160 miles) - all 2+ hours away. But not to worry, we have many joining us from in and around the metroplex too. Below is a list of all of the departments that will be present on September 14. But, we still have availability for first responders to join! Don't see your hometown or a city where your first responder friends live? Contact Valerie at [vfarrell@citycenterfw.com](mailto:vfarrell@citycenterfw.com) for a flyer or cards with the climb link on them - we would love your help to share the message about the climb!

## REMINDER

## 9/11 QUILT

The 9/11 quilt, which from a distance appears to be an American Flag, features the faces of nearly 2,700 victims of the September 11 attacks stitched together to create the image. It is a meaningful tribute and a beautiful way honor all the fallen from 9/11. WE WILL NEVER FORGET.
