CITY CENTER  
FORT WORTH

APRIL  
2025

We are excited to share the latest “building refresh” news with you! We are about to embark on installing automatic sliding doors at each skybridge entrance, beginning with Skybridge 3, the primary entrance to Garage 2. To help minimize disruption to your busy day, our crews will work over the weekends, mostly Saturday & Sunday (occasionally on a Friday). If you plan to come in during the weekends at any time, please know the skybridge to/from the garage may be closed, periodically. In the event it is closed, there will be signage at the entrances directing traffic to street level for access between the building and the garage. When the entrance is open and the team is working, they will be mindful of their environment and will keep things as tidy as possible so passersby may still pass through the entrance. The entire project is estimated to involve four weekends of work, beginning, Saturday, April 5 and is anticipated to be completed on Sunday, April 27. We will share more information about the next skybridges in the following newsletter and the estimated dates included for the installation for those too. Should there be any changes to the anticipated plans above related to the installation, we will share notifications in the elevators to help relay relevant messages.

213 “HARES”

Thanks to all who came by for some sweet treats & hair product samples during the meet & greet with our friends at **The Cutting Room Barber Salon!** The winners of the **Guess the Number of “Hares” in the Jar** contest have been selected & will be contacted to schedule their prize-winning appointments. The winners guessed 197, 210 & 222. Congratulations!
