Oh Honey!

Our sweet queens, Beelizabeth & Beatrix, have been busy bees already this season, and we're happy to share that their delicious honey is now available for sale in Sherry's Gifts & Snacks, located on level 2 in the Bank of America tower.

According to our beekeeper Shannon, the honey from these hives are "dark, thick and beautifully finished." She shared that this means the bees have dried it thoroughly and capped it off properly. The darker honey is typical of a late-season harvest and reflects the seasonal shift in nectar sources. This is perfectly appropriate for our little hives since we received them later in the season. She shared this honey will have a richer color and flavor profile too.

Enjoy the fruit of
our little bees
labor!

4th Annual Memorial Tower Climb

With more than 85 area departments represented and nearly 300 climbers, the event was another great success. Each year brings a new experience and another touching story to share. This photo is of our 9/11 speaker, John Salerno, retired NYPD Detective and NY volunteer fire fighter. He's taking a picture of his wife's cousin, a fallen fire fighter from the attacks. As John was speaking to the audience that morning, he mentioned their cousin was looking over his shoulder in support. To see and hear more from the event, use the QR codes below. In 2026, it will mark the 25th anniversary of the 9/11 attacks, a significant milestone in history. Planning for next year's climb has already begun as we anticipate it will be an occasion that will be significantly larger and carry deep emotion.

Carter BloodCare

Many thanks for all who came out to donate blood during the September blood drive with Carter BloodCare! We had many new first time donors this time which is wonderful news! For anyone interested in donating blood, Carter BloodCare shares "Whole blood donations can be made every 56 days." Keeping this number in mind, the City Center blood drives take place once a quarter so you are welcome to donate up to 4 times a year - making a meaningful impact without leaving the building! Save the date for the next blood drive coming up on

Wednesday, December 17 inside the President's Room inside City Club.

THANK YOU

Water Water Everywhere...

We don't mean to rub salt into the wound by quoting Samuel Taylor Coleridge's epic poem, but as you all know from our emails, phone calls and the large population of the restoration crew that was onsite early Monday morning, the phrase is very fitting to our situation. City Club, unfortunately, was the primary recipient of large volumes of water causing temporary closure of their meeting spaces & dining room on level 3. Their fitness centers, however, were not damaged and continue to operate on their regular schedules. The Grill Buffet is temporarily closed as well, but plans to reopen on Tuesday, October 7, 2025.

While no one ever wants to go through a situation like this, emergencies happen. Now is a good time to make sure that City Center has accurate contact info on file in case of emergencies. Here are contacts for our various communication methods:

- Tracy Humphreys – Operations contact for maintenance, deliveries, holiday closures, etc.
thumphreys@citycenterfw.com or 817-255-5753
- Work Request – Security contact for key fob access & emergency contact updates
workrequest@ccsecurity.com or 817-390-8787 (# answered 24/7)
- Noel Giboney – Tenant contact for security related questions
ngiboney@ccsecurity.com or 817-390-8868
- Valerie Farrell – Marketing & newsletter contact for building activities
vfarrell@citycenterfw.com or 817-255-5741
